

## SCHEDULE CHANGES FOR 2009 - 2010

In order to enhance our academic performance and to improve our school climate, our daily schedule will significantly change as we begin school next year. What is currently called ENCORE will no longer exist at 8:00; however, individual teachers may still be able to help students before the school day begins if arrangements are made prior to that day. All teachers will be available after fourth hour for EAGLE TIME. Juniors and seniors who have no academic difficulties, no attendance issues, and no discipline issues will qualify for release time. Since EAGLE TIME occurs back-to-back with lunch for upperclassmen, this means that juniors and seniors may have a lunch lasting one hour. Periodically, activities will be offered during this time slot that students will elect or be required to attend. Campus will remain closed during lunch for freshmen and sophomores. Underclassmen will also have opportunity to use EAGLE TIME; however, those not needing to take care of responsibilities during this time slot will be involved in Freshmen Flight or Sophomore Success. These times will provide enrichment opportunities and a chance to do homework or leisure reading. Our goal is to improve academic performance and to reduce student stress.
